

## Group Home In Charge

We are Action for Autism (AFA) a non-profit organization that has pioneered the movement for the rights of children and adults with autism.

Action For Autism is taking an exciting step into the future. We are poised to start our first Group Home for Adults with Autism and Developmental Disabilities and looking for a unique individual to take charge and head it.

We are looking for someone who is a self-starter, organized, systematic, yet full of spontaneity.

Has a sense of fun and silliness. Open to learning, change and adapting.

And of course has a deep understanding of the autistic culture.

Age is not a consideration, commitment is.

We will offer a competitive package of remuneration including accommodation; but you will want to join us for the joy and satisfaction of doing something meaningful and bigger than oneself.

We welcome professionals – both parents and non-parents to apply.

Come look for us at Pocket 7 & 8 Jasola Vihar New Delhi 110025
